

The Canyon News

VOLUME NUMBER XXXV.

CANYON, TEXAS, THURSDAY, OCTOBER 22, 1931

NUMBER 31

CANYON HIGH EXES HOLD BIG MEET MONDAY

THIRTEEN CLASSES HAVE REPRESENTATIVES.

Seventy Exes Meet and Enjoy a Feast of Good Fellowship and Recall Early Days.

Canyon High school exes from classes as far back as 1904 forgot their worries and came to the C. H. S. Ex-student banquet Monday evening at the First Christian Church, 1707 Fifth Avenue. This was the second annual banquet given by the ex-students who organized last year.

Seventy-nine were present for the occasion and the Canyon High spirit ran high during the evening. A very interesting program was given with Ben Guill as toastmaster. Other numbers were: song, "School Days," "Why We're Here Tonight," J. D. Hazelwood; music by Chas. and Martha Strain and Oscar Croson; "That Ol' Gang of Mine," Lee Foster; high school melodies, Roy Cheatham; School Day Boners, everyone tell one; piano solo, Dorothy Faye Rusk; Pioneer school days, Bob Campbell; Future of the Ex-student association, Supt. Irby Carruth.

In his talk Supt. Carruth stated that he was very greatly pleased with the number present and with the wonderful spirit displayed. "The ex-students' association has a very promising future and will do a great good in the community," he added.

G. G. Foster, who started teaching in Canyon in 1900, and Mrs. John Davis of the class of 1904, were honor guests.

Delbert Lowes, a member of the class of '26 was elected president, with Lenna Foster, '28, as vice president; Olive Schramm, '24, secretary-treasurer. A permanent roll of all C. H. S. exes is to be made during the year, a constitution is to be drawn up and adopted, and an advisory council appointed. Plans are to be made for a much larger banquet next year and it is expected that more than 150 will attend.

There were representatives present from the classes of 1904, 1917, 1918, 1924, 1925, 1926, 1927, 1928, 1929, 1930 and 1931. Cities represented were: Panhandle, Tulia, Happy, Hereford and Canyon.

An excellent dinner was served with the menu as follows: fruit cocktail, baked chicken and dressing, creamed potatoes, gravy, cranberry sauce, asparagus, celery curls, hot rolls, C. H. S. salad, wafers, pumpkin pie with whipped cream and coffee.

New Truck Law is Being Enforced in Panhandle Counties

The law passed by the last legislature governing truck regulations in Texas, with the exception of the clause designating loads, has become effective, and state highway patrolmen are at work in the Panhandle enforcing the new law.

A truck traveling over the highways may be 96 inches wide, including load, 1 foot 6 inches high, including load, 35 feet long or 45 feet long with trailer. No load will be allowed to protrude more than three feet in front of the truck nor more than four feet at the rear, where a red flag at least 18 inches square must be displayed.

Other rules and regulations mentioned in the bill include the kind and size of lights and reflectors, the carrying of red lights visible for 500 feet, brakes capable of stopping within 45 feet when traveling at 20 miles on a level, dry strip of paving, position of license plates, etc.

Two Felony Cases Tried in County Court Last Week

Two criminal cases were tried in county court last week in which juries returned convictions for the defendants:

J. W. Howell was convicted of the theft of a load of bundle feed. Howell lives near the Park school house in the north part of the county. He was given a fine of \$100 and 60 days in jail.

G. R. Carlton was found guilty of assault with a motor truck and fined \$50. He ran into Mrs. Mary Frances Buster on the highway north of Canyon a few weeks ago while Mrs. Buster was giving aid to another woman who had been injured in a car accident. Both cases will be appealed.

Chamber Commerce to Elect Officers at Meeting Tonight

All members of the Canyon Chamber of Commerce have been asked to meet at the district court room tonight at 8:00 o'clock at which time the annual election of officers will be held.

Reports will be made of the activities of the organization during the past year.

A banquet will be held on November 3rd, which will be a Silver Anniversary of the first election to be held in the city of Canyon. Historical data regarding the growth of the city will be of interest to all citizens.

A nominating committee has been named to present a ticket to the members at the election tonight. The following are the present officers: Byrle Elliston, president; Ray V. Davis, vice president; Fred E. Wortham, secretary; Levi Cole, treasurer; directors, H. M. Cook, S. H. Condon, J. W. Kleinschmidt, J. J. Bauer and W. H. Rockwell.

Scott's Filling Station Held Up Early Tuesday by Two Men

Scott's Filling Station was held up Tuesday morning at 3:20 by two young men, who took between \$25 and \$30 from the cash drawer.

Bert Bartlett, night operator, was at the desk in the office when a man entered the door, covering him with a gun. After the money had been taken, Bartlett was ordered into the rear room and told to stay for ten minutes, or his life was endangered. At the end of that time he called Frank Hicks, who made a close examination of the premises, but could find no clue. Bartlett is of the opinion that the men were not in a car, as he listened carefully after they left in order to hear which way they went, but could hear no car start.

Check for \$1,000.00 on Museum Given by Capitol Company

Officers of the Panhandle-Plains Historical Society and members of the Museum Building Committee were delighted yesterday when a check for \$1,000 to be used in the erection of the museum building was received.

The donors of this amount were the members of the Capitol Reservation Land Company, better known as the owners of the X I Tranch. Professor L. F. Sheffy who is giving much of his time to the work of the Building Committee hopes that construction can begin with the next few months. The Texas Legislature has appropriated \$25,000 to be used for this building provided another \$25,000 is raised by the people who are interested.

If the building is commenced soon it will give work to a number of men and will afford the Historical Society a chance to expand and serve the people in a way that is impossible under the present crowded conditions.

Thompson Hardware Company Opening Store in Happy Soon

T. C. Thompson announces the purchase of the Dye Hardware and Furniture store at Dimmitt which he is moving to Happy. He hopes to have the new business opened in Happy by the first of the month. Two store rooms have been leased in the new hotel building in Happy for the business.

Thompson Hardware Company is one of the oldest business institutions in Canyon, and will be welcomed when the firm opens its new store in Happy.

ROY MATNEY TO EL PASO
Roy Matney left this week for El Paso where he will enter the Kress Co. Store for training in store management. He has been employed for the past week in the new store recently opened in Amarillo.

Mr. Matney finished high school and did two years of college work here, and the past summer received his B. B. A. degree at the University of Texas.

STORK SPECIAL.
A daughter was born to Mr. and Mrs. Hubert Hamill at their home in Amarillo Thursday night, Oct. 15th.

PHILLIPS VARSITY TEAM HERE FRID. FOR NIGHT GAME

POWERFUL OKLAHOMA TEAM COMING TOMORROW

Big Four Oklahoma Team Will be Hard Problem for Buffaloes on Local Field.

The West Texas Buffaloes are withdrawing from the T. I. A. A. conference race for a week and turning all their interest to Enid, Oklahoma, the home of the Phillips University Haymakers, who will invade the Buffalo range Friday night, October 23.

This game will be the most attractive football encounter that will be played in Canyon this season. When posters were placed over the Panhandle at the beginning of the football season, many people expressed their intention of seeing this battle.

Coach "Sad" Sam Burton isn't taking the Phillips squad with any ease. "That team is a member of the Big Four Oklahoma Conference and has always been runners up for the title," says the Buff mentor. Using the short time left before the encounter, Coach Burton will put the Buffaloes through some of the toughest workouts and scrimmages of the season. The Herd must be ready to break up the plays that Phillips uses to advantage, which are wide runs and short aerial attacks.

The Phillips squad spent last week-end playing the Oklahoma City University only to take the short end of a 28-14 score, but the big Buff Coach assures the Herd that such a defeat wasn't any slam on the Haymakers, because the Oklahoma City University has one of the best teams in that State.

The Buffs came from the Daniel Baker game with only a few injuries. The most serious of these was suffered by Bill McClendon, center. Bill's mighty place-kick foot suffered an injury but he is expected to be all right by Friday. Captain Powell's leg was injured, but he too, will probably be ready by Friday. Frank McInnis completes the list of disabled with injuries suffered when he fell off the sideline bench during an exciting moment of the Hill Billy game.

Auditorium College to be Used Saturday After Remodeling

President J. A. Hill announced today that all the citizens of Canyon are invited to attend the assembly at the college Saturday morning at eleven o'clock.

This will be the first meeting of the entire student body and faculty for this year, the auditorium having been undergoing repairs since the opening of the fall session. The acoustics have been corrected, and it is now believed that speakers can easily be heard in all parts of the large auditorium. The walls have been redecorated in a very attractive way, and the stage has been provided with a new curtain.

A special program has been arranged for the Saturday assembly. The following features have been planned:

- Sing-song, 10 minutes.
- What is W. T.?
- a. The Physical Plant, R. A. Terrill, 5 minutes.
- b. The Faculty, Lee Gilmore, 5 minutes.
- c. The Student Body, Dorothy Staley, 5 minutes.
- d. Student Activities, President of Student Council, 5 minutes.
- e. Athletics, D. A. Shirley, 5 minutes.
- f. The Curriculum and Rank in the College World, R. P. Jarrett, 5 minutes.
- g. The Spirit, J. A. Hill, Alma Mater.

Three-Quarters Inch Rain Tuesday Make Wheat Outlook Good

A slow steady rain continuing for several hours Tuesday afternoon and night brought .75 of an inch moisture. Every part of the Panhandle was visited by this rain.

Farmers were able to start their wheat planting after the rains of two weeks ago, and the moisture of this week should be sufficient to get the crop growing in fine condition.

Mrs. Frank Hicks and Mrs. Sanford Black were in Amarillo Wednesday visiting Mrs. George Hamrick who is ill.

Tax Collections for 1930 Show About Normal Says Fry

Randall county collected more than \$10,000 in taxes during the past ten days, prior to Oct. 16th when 1930 taxes which were unpaid became delinquent, according to Tax Collector John Fry.

Mr. Fry stated yesterday that his report on collections are not yet quite complete, but he believes that the collection for the year will not show a greater amount to go to the delinquent rolls than usual. He has been able to collect about 90 percent of all taxes on the rolls each year, and believes that the amount of delinquency this year will not be much greater, if any, than the ordinary 10 percent.

Mr. Fry states that he is also collecting quite a good amount each day on the new 1931 tax rolls which were turned over to him Saturday by Burney Slack, tax assessor. Owing to the fact that the state tax rate was not set until the last week in July, the rolls were not completed and in the hands of the collector on the first day of October, but the collections for the first few days this week has been remarkably good.

Clothing for School Children Requested by Supt. Carruth

A request has been made of the people of Canyon that those having children's clothing should give them to Supt. Irby Carruth or Mrs. C. E. Strain for distribution.

Mr. Carruth states that the faculty feels itself to be in better position to judge which of the school children need clothing for the winter than any one else. This plan was carried out last winter, and several children made comfortable during the winter months who might have suffered have been kept from school.

Mr. Carruth states that there are no immediate demands for clothing, but it will be needed when cold weather starts.

Free Delivery and Pick Up of Freight to all Part of Canyon

Freight delivery free to the receivers has been started in Canyon, according to R. McGee, agent for the Santa Fe. The free delivery will be made to all in the incorporation limits who ask for the same.

The free delivery will apply to all shipments originating in Texas and all outside of Texas on which the first class rate does not exceed \$1.33.

Pick up of outgoing freight is also included in the new scheme.

Wheat Prices and All Farm Products Take Upward Price Trend

Farmers have been highly pleased the past week that wheat has improved in price. 32 cents per bushel was offered yesterday in Canyon, and several farmers are delivering small amounts.

It is estimated that fully 20 percent of this year's crop is being held by the farmers, and should the price go as high as 35c or 40c it will mean several thousand dollars to the farmers of the county. Butter fat is selling at the best price since October of last year. Feed prices are getting better, as well as the price on all other farm products.

RANDALL POULTRY SHOWS AT DALLAS STATE FAIR

Randall County scored a number of points in the poultry show at the Dallas State Fair.

Mrs. Oscar Hunt won second with a Buff Orpington pullet, and fourth with a cockerel of the same breed.

Ralph Harter won first pen, second cockerel, fourth pullet and fifth cockerel with his pure strain Australorps.

John H. Woods placed third pullet and fourth pullet in the showing of Anconas.

There was plenty of competition in each division as there were 2,000 birds on display.

Miss Hazel Wineinger left last week to visit relatives in Kansas. She was accompanied on the trip by her mother, Mrs. Lottie Wineinger of Amarillo, and her sister, Mrs. C. W. Guthridge and children of Okmulgee, Okla.

Help Keep Canyon Clean!

1931 TAX ROLLS SHOWS ALMOST SAME VALUES

TAX BILL FOR THE YEAR LESS THAN IN 1930.

Land Values Decline Small Amount, But City Property and Personal Property Increases.

Randall county taxpayers will have \$4,203.92 less tax bill for 1931 than for 1930, according to the new tax rolls which have been delivered by Burney Slack, tax assessor, to John Fry, tax collector. The total taxes on the rolls this year is \$173,882.47 as compared with \$178,086.39 last year. The county and district schools are collecting less taxes this year than last, but the state gets \$4,659.51 more than for 1930, due to the increase in the state tax rate. The rolls also show an increased number of poll taxes this year over those assessed last year.

The tax bill for this year is divided as follows:

State tax	\$55,573.01
County tax	\$88,620.31
District Schools	\$29,687.15

There was a decreased valuation in the entire county of \$13,400, according to the tax rolls.

The following values are shown on the rolls:

Real estate	\$3,479,960
City property	\$1,865,420
Personal property	\$1,074,750
Railroad property	855,714
Telephone, telegraph	53,820
Pipe lines	147,700
Total	\$7,510,184

The principal changes made in valuations this year was a decrease in land values and pipe lines, and increase in city property, telephone and personal property. The railroad property remained the same.

Mr. Fry states that collections are starting good in spite of the late start due to the delay in the rolls being held up by the state tax rate. Twenty-four voters had paid their poll taxes up to yesterday.

Rev. C. G. Howard States He Will Soon Resign Work Here

Rev. C. G. Howard, pastor of the local Baptist church announced Sunday morning from his pulpit that he would file his resignation with the deacons of the church within a short time. He is contemplating work in another field.

Rev. Howard has been pastor of the local church for the past two years. He has not definitely announced where he expects to locate.

1932 Car License Plates Show a Change in Color

Tax Collector John Fry has received his quota of license plates for the automobiles and trucks of Randall county for the coming year. The new plates are different than those of the past, being light green with white figures.

Randall county's cars will run from A53851 to A56150. The truck plates are yellow with green figures, and run from 181-326 to 181-925.

The license plates will be placed on sale December 1st, and may be bought up to January 31st, 1932, without penalty.

Brian is Elected Head Yell Leader; Two Aides Named

Kay Brian was elected head yell leader with Bibbs Jameson, and Roy Whittenburg, assistants, by the student body Tuesday, October 13, at the chapel hour.

Elmer Wooten presided, and submitted the names of Bibbs Jameson, Kay Brian, Glenna Collins, Rogers, and James Compton, as nominees of the Student Council for the approval of the assembly. The student body at large nominated Willie Frank Jones, and Roy Whittenburg, both freshmen.

MAIL SACKS IN HAPPY DEPOT ROBBED SUNDAY

Mail bags placed in the Happy depot Sunday night were ransacked during the night by burglars who gained entrance through a window.

The extent of the loss, if any has not been determined.

Golf Ace of City

DR. HARRY A. BROWN

Dr. Harry A. Brown was the first member of the Canyon Club to make a hold-in-one under official regulations—that is with three witnesses. In this case, there were four witnesses to the stroke, Bill Bryant, Vince Reeves, Ed Mickle and Frank Shotwell, all members of the Canyon team which won second in the Wheat Belt tournament this summer.

F. E. Savage made a hole-in-one recently, but unfortunately had only two witnesses, and this is not recognized in the official game. Brown made the ace on No. 7, a 105 yard blind shot, where the green is located back of a 75 foot high cliff.

Rotary Club Enjoys Sing Song Hour at Luncheon Tuesday

Singing old songs, and some new ones, was the program at Rotary Club Tuesday at the regular luncheon. The Music Committee was in charge of the program. D. A. Shirley, chairman, Wallace R. Clark conducted the musical program, consisting largely of negro spirituals and old folk songs. The Rotary Club has new song books, which Mr. Clark highly praised for the number of good selections.

Dr. Harry Brown was announced at the first hole-in-one golfer in the Canyon Rotary Club.

Visitors present Tuesday were: F. R. Weddington, N. L. Mudd, Mr. and Mrs. G. J. Irwin, Mr. and Mrs. Temple Robinson, all of Amarillo, Harris M. Cook and Wallace R. Clark of Canyon.

Armistice Program Is Planned by Post for November 11th

The American Legion is planning a celebration for Armistice Day, November 11th. The exact nature of the program has not yet been decided upon, but officers of the local Post are now considering the matter.

A patriotic program will be given at the high school on Nov. 10th under the auspices of the Palo Duro Post.

One feature of the Armistice day celebration will be a parade. Details are now being worked out in regard to this feature. Three prizes will be offered for the best decorated floats in the parade.

Senior Class Will Give Walks to the Historical Museum

The senior class of the West Texas State Teachers College wishes to make a unique gift to its Alma Mater. Ever since the members of this class first entered college they have been interested in the building of a museum in which to house the materials of the Panhandle-Plains Historical Society. They have decided therefore, that if the museum is built in time, their gift will be the sidewalks and other concrete work around the new building.

The walks, as planned, will be laid in squares, somewhat like tiling and the initials of each member of the class will appear on a block. Professor L. F. Sheffy is the class sponsor, and the members of the class feel that no gift they could devise would better show their appreciation of him and of the college than this one which will add to the attractiveness of the Museum to which Mr. Sheffy has given so much of his time during the past few years.

Mrs. J. R. Quinlan of Jefferson, Iowa, is visiting this week in the home of Mr. and Mrs. Clyde McElroy. Mrs. Quinlan is enroute home from a vacation trip to California.

STATE TEACHERS WILL BE SHOWN PALO DURO PARK

TRIP TO COLLEGE CAMPUS TO BE INCLUDED.

State Secretary Approves Plan for Visit Here—Cars Will Bring Several Hundred Teachers.

Canyon will assist in entertaining the delegates to the annual convention of the Texas State Teachers Association which meets in Amarillo November 26-28, Fred E. Wortham, secretary of the Canyon Chamber Commerce announces. Visiting teachers will be brought to Canyon on a sight-seeing trip, carried over the campus of the College and to the Palo Duro Park, 10 miles east of the city.

A caravan of automobiles will convey the visitors from the convention hall in Amarillo to the park and return on the afternoon of Friday, November 27th. Arrangements for this added entertainment feature came as a result of consultation with R. T. Ellis, secretary-treasurer of the Texas State Teachers Association in Fort Worth. Mr. Ellis is in charge of the entertainment side of the convention.

Approximately three hours will be required to complete the trip from the convention hall to the park. Visiting teachers to the Panhandle will be given an opportunity to view a portion of the scenic and colorful Palo Duro, a part of the proposed state park system of Texas. The free Palo Duro Park, which has been operated during the past few months through the co-operation of the Amarillo Chamber of Commerce with the Canyon organization, has been visited by over 51,000 people from all corners of Texas, 37 states of the union, the District of Columbia and five foreign countries, since May 17.

Thousands of teachers are expected to attend the convention and many of them will make their first trip to the Panhandle of Texas. The fact that such a beauty spot as the Palo Duro Canyon can be found here is beyond the imagination of the average person. The thousands who have viewed the deep, colorful gorge, which cuts its way across an otherwise almost level plains country, have been awed and amazed at its beauty and grandeur.

Manager O. V. Vernon of the Amarillo Chamber of Commerce has pledged support in conducting the caravan to carry the visitors to the Palo Duro canyon as a part of the entertainment features of the convention to be held in Amarillo.

The coming meeting of the teachers is arousing much interest in the educational circles in Canyon. Dr. J. A. Hill, president of W. T. is a candidate for the head of the teachers organization and his race is being pushed by the teachers in all sections of West Texas. A large number of the faculty members have been placed on the program of the association meeting. Ex-students of the College will stage a banquet during the convention.

Illiteracy Shows a Slight Increase During Past Decade

A surprising revelation has been made for the Panhandle as regards to illiteracy taken in the federal census of last year. Eleven of the 26 Panhandle counties show a slight increase over 1920, including Randall county.

According to the census of last year, 73 persons in Randall county were classed as illiterate. This is 1.3 percent of the population. In 1920 the percentage was 0.7 percent and in 1910 the percentage was 1.4.

Various attempts have been made to explain this situation as regards the Panhandle, but none is satisfactory, unless it was due to a number of Mexicans and oil field workers being listed in the several counties of the Panhandle.

MUSIC AND EXPRESSION DEPTS. TO GIVE RECITAL

The Music Department of the Canyon High School, assisted by the Expression Department will give a recital Thursday evening, beginning at 7:45 at the high school auditorium. The public is cordially invited to attend.

Sheriff John Fry attended a meeting of sheriffs in Fort Worth over the week end. The question of fees to which the sheriffs were entitled from the state for their services in chasing criminals was up for discussion.

THE UTILITIES QUESTION

The News devoted considerable space last week to the discussion of utilities rates, and many subscribers expressed appreciation of the information given. While other newspapers in this section have been jumping on the utilities and the rates charged, the News has consistently refrained from any such action. We feel no more competent to judge what are fair and unfair utilities rates than we are what an automobile manufacturer or a barber, or a grocer or a dry goodsman should charge for their wares.

The News has felt all the while that under present conditions people are unjustly criticizing rates, without knowing what would be a just and adequate rate. There are plenty of ways to ascertain what rates are just and which are unjust without buying the experience in a long drawn out and expensive law suit. For instance, we can see if there is any one who will build us a gas line from the gas fields and charge us a less rate for gas than we are now paying. If such a line can be secured, then our present rates are too high. If independent telephone companies, of which there are several over the state, are giving good service at a lower rate than we are giving, then our phone rates are too high. If our light and power rates are out of line with the rates of other towns, many of which own their own plants, then we can talk to the power people. We know that our water rates are higher than some towns, and not so high as in other towns. Every city commission has been confronted with the problem of water rates, and each one has decided that it was better to keep the water rate high than to add to the tax rate and collect a sewer charge, such as is the custom in most all other towns.

The city commission and most of our citizens wish to be fair in the matter of rates. Too many people are naturally suspicious of big companies. During these times the fact has clearly been brought out that the bigger the company the more complex becomes their problems, and their profits therefore decline in a greater proportion to the smaller concern. The state is now trying to ascertain what fair gas rates should be. It has employed a small army of engineers and accountants. It will require several months to ascertain the facts about gas rates. Other utilities rates will be inspected by the state. The law allows the utilities to make a reasonable profit on the investment. If the rates charged do not return a reasonable profit, the utilities may increase the rates charged. Cutting the rates by ordinances would avail nothing. If the utility does not

wish to accept the cut rate, all it has to do is post a bond, go on charging its present rates and if the company loses the case five or ten years hence, return to those who claim it a refund on the overcharge collected.

One thing is certain, Canyon does not wish to start into court paying attorney fees of \$1,800 and be liable for \$10,000 costs just to find out about its utilities rates.

Wichita Falls has started a movement to procure land to give to the state for the Goodnight buffalo herd and for the establishment of the largest game reserve in the state. Committees were appointed recently to start work toward raising money to procure the Goodnight ranch for the state. It is considered very unlikely that sufficient funds can be raised at the present time for this purpose. The fact nevertheless remains that a smaller body of land would be acceptable, and the location any place in the Panhandle would suit the state. It may be possible that other towns on the Plains may interest themselves in the project and seek to give the state land in order to secure the Goodnight buffalo herd.

The News had something to say last year during football season about the expensive programs being sponsored by high schools and colleges for athletics. Last Saturday at Pampa \$8,300 was paid by the customers to see two high school teams. The two football squads and the two students bodies were worked up to white heat for days before this game. This one instance is repeated in practically every town in the United States. It looks like more of our high school students were more interested in a slam up good football team than anything else in connection with their school life. Are we stressing football too much? The fans will answer, no. Perhaps the tax payers may have to answer the question some of these times.

In these days of high taxes, it has become the habit of most people to cuss the state and federal governments, while as a matter of fact there has been no great increase in these governments in the past ten years. It is said that the increase in local taxes has been 53 percent since 1920. Therefore, if there is to be a reduction in taxes, it must begin in the local communities—the schools, the cities and the counties. Unfortunately most of the big increase in local taxes has come from the fact that bond issues have been floated for various kinds of improvements, and the interest and bonds must be met annually. There is no chance to get local taxes back to a pre-war basis until these bonds have been disposed of.

According to Bradstreet's report for 1930, 95 percent of the business failures of last year were non-advertisers. They were the firms who thought everyone in the community knew all about them, and would trade with them regardless of an invitation. That is not the case. The business firm which expects the public to come and buy must first invite the buyers, and then have the goods which they can show once they are in the store. Every merchant would feel foolish without fire insurance. Most of them have burglary insurance, tornado insurance, plate glass in-

surance, life insurance, and many other kinds of insurance, but advertising is the only insurance that is offered the merchant against bankruptcy.

Bishop Cannon has been indicted, and will be tried in federal court. He has been making pretenses of demanding court action for several months. Now that it has come, the Bishop will be given a chance to tell about his activities during the national campaign of three years ago. Of course Bishop Cannon is innocent until the jury declares him guilty. The fact nevertheless remains that he has spent more of his time in the political field than in the work of his church. If a Catholic or Jewish churchman had taken the part in the campaign as did Bishop Cannon, we would have heard a lot about it.

Again we take our hats off to W. H. Upchurch, county agent of Randall county. His performances as an exhibitor from Randall county are without parallel in the state of Texas. In the first place, Randall county produces the farm products necessary for a good exhibit; in the second place, Walter Upchurch knows what kind of products it takes for a winning exhibit, and knows how to arrange the exhibit to make it win. Randall county and Walter Upchurch make a good team. May the two continue to work together for many years to come.

Governor Sterling is working with the unemployment committee now making investigations at Austin. One of the first things decided was that no dole, as the English put it, would be allowed in the state. In the second place, no man who has refused to work at low wages may expect to eat at the expense of the state this winter. The Governor points out that for the past months there have been jobs enough to employ every man in the state who is willing to work.

In estimating the wealth that Thomas A. Edison added to the world, it is stated that not less than 15 billions of dollars are now employed in industries which he gave to the world. That is nothing to compare with the health and happiness which resulted from his thousands of inventions. The world can never truly place a monetary value upon the life's work of Edison, who was the world's greatest benefactor, and the world's greatest genius.

The no work, no eat, movement has gone all over the southwest, and this promises to be a hard winter for those who are walking the streets cussing the government because they cannot get a dollar per hour when there is plenty of work at two bits per hour. The Lord helps those who help themselves, but walking the streets and demanding the impossible is not in helping-onself-catalogue.

Someone asked the other day when the depression was going to

be over. The wise reply was: "About six months before anyone realized it." In other words, depression are fifty percent actual readjustments, and the other fifty percent on account of the people having become alarmed, and those with money refusing to do any good with it.

Louisiana has two or three governors, but what does the matter of a few governors bother the average citizen. Judging the performances of late, if all the men claiming to be governor are no better than "Hooy" then our neighbor to the east is in a dicken's of a shape.

SOCIETY MEETS WITH MRS. CLEAVENGER

The Missionary Society of the Presbyterian church met Monday at the home of Mrs. M. E. Cleavenger for a study of "Korea—Land of the Dawn."

The topic selected was a timely and a very interesting one because of the strife between Japan and China for the possession of Manchuria.

Three new members, Mrs. Judge Bills, Mrs. Clarence Thompson and Mrs. Joe Black, were welcomed in to the organization.

A bountiful luncheon was served by the hostess and members of the society.

PALO DURO UNIT STARTS RE-ENROLLMENT TUESDAY

The re-enrollment of American Legion Auxiliary membership for 1932 started Tuesday. Mrs. J. Madison Daugherty, membership chairman of the Palo Duro Unit announced today.

As the Unit begins plans for its participation in the Auxiliary's nationwide membership effort, completion of the enrollment by Armistice Day is the goal toward which the Unit is working.

Mr. and Mrs. Lewis Hollingsworth of Claude visited Mrs. Hollingsworth's sister, Miss Grace Weigman of Rest College Sunday.

MRS. RAY CAMPBELL IS HOSTESS FRIDAY

Mrs. Ray Campbell was a charming hostess to four tables of bridge at her home, 1107 Sixth Avenue, Friday afternoon when she entertained the members of the Friday Bridge club and a number of special guests.

The rooms were fragrant with cosmos and other autumn flowers and the afternoon hours were delightfully spent in playing bridge. Pumpkin pie with whipped cream and coffee was served at the refreshment hour.

Seated were: Mrs. Marion Bishop, Mrs. Bill Black, Mrs. Irby Caruth, Mrs. Guy Harp, Mrs. Oscar Gamble, Mrs. Tom Knighton, Mrs. Wes Kleinschmidt, Mrs. Travis Shaw, Mrs. Clyde Warwick, Mrs. Clarence Thompson, Mrs. W. S. Moore, Mrs. Chas. Flesher, Mrs. Chas. Stephenson, Mrs. Hud Prichard, Mrs. Lee Foster and Mrs. William Ash.

Dr. M. A. Biggers returned on Thursday from Mineral Wells where he has spent the past three weeks attending a post graduate course in medicine and visiting relatives.

Mr. and Mrs. H. B. Skelton and sons of Groom visited at the parental W. G. Shackelford home Sunday.

AUXILIARY PRESIDENT APPOINTS COMMITTEES

The American Legion Auxiliary met Monday afternoon in the Federated club room where an intensely interesting meeting was presided over by Mrs. Frank R. Phillips, newly elected president of the Palo Duro Unit.

Mrs. Phillips named the standing committees of the year with the following as chairmen:

American and National Defense, Mrs. Tom Knighton.

Legislation, Mrs. John S. Humphreys.

Constitution and By-laws, Mrs. Clarence Thompson.

Rehabilitation, Child Welfare and Education for War Orphans, Mrs. H. O. Price.

Unit Activities and Community Service, Mrs. A. H. Prichard.

Membership, Mrs. J. Madison Daugherty.

Fidac, Mrs. Geo. A. Farlow.

Finance, Mrs. J. A. Boutwell.

Music, Mrs. H. A. Brown.

Delegate to City Federation, Mrs. H. O. Price.

Telephone Committee, Mrs. Tom Knighton.

House Committee, Mrs. H. O. Price.

Mrs. J. Madison Daugherty.

Mrs. G. A. Farlow.

The Unit organization was taken up and plans were discussed for an Armistice day celebration in Canyon.

Members of the Blue Bonnet club met with Mrs. Finis Smith at her home on Eleventh Street on Thursday afternoon.

The afternoon was pleasantly spent in doing needlework and at the refreshment hour a delicious dessert course was served.

Those present included: Mrs. Guy Cole, Mrs. Jay Prichard, Mrs. George Small, Mrs. Norval Dickerson, Mrs. Levi Cole, Mozelle Smith and Loretta Cole.

Y. W. C. A. CABINET MEETS AT HOME OF DOROTHY CASH

The first formal Y. W. C. A. cabinet meeting of the year was held at the home of the treasurer, Dorothy Cash, Tuesday evening. In addition to the cabinet members, several members of the faculty advisory committee were in attendance. Jean Day, president of the Association, was in charge of the meeting. General policies for the entire year were outlined, and plans for the fall quarter's work were discussed in detail.

At conclusion of the business hour, the hostess, assisted by Mrs. Cash, and Miss Rosa Cash, served dainty refreshments to Jean Day, Sally Mary Campbell, Grace Weigman, Ruby Thomas, Ruth Wiseman, Mrs. J. A. Hill, Miss Mary Moss Richardson, Miss Hudspeth, Miss Debo, and Miss Lowes.

Oscar Hunt spent the week end at the Dallas Fair.

Mr. and Mrs. Lee Foster visited relatives at Dalhart over the week end.

THOMPSON HARDWARE CO.

FURNITURE DEPARTMENT

PEOPLE PROGRESS ONLY BY WORKING TOGETHER

The future of any community depends upon the co-operation of its citizens in its development.

Agencies that work to build communities are the development of mutual interests and the recognition that they are mutual.

This is the case of the electric business. The need for this service in community building is recognized. The reciprocal relations between this service and the people it serves have been demonstrated in every community that has electric service.

The necessary co-operation to build this community through having good electric service has its foundation in understanding.

The spirit of co-operation for the benefit of both the service and those served is the spirit that inspires this company to look always to the welfare of its customers and the community it serves.

MRS. HILL HONORED BY AMARILLO HIGH

Mrs. J. A. Hill of Canyon was honored Tuesday of this week when one of her lovely oil paintings, "The Lighthouse from the Rim of Little Sunday Canyon" was presented to the Amarillo High school by the social science department of that institution. The painting was procured through the head of the department, Mrs. Vera Davis Shinn, and was purchased with funds raised through a program given recently by the department, however, the amount paid only for the artist's time and not for the talent.

Juanita Duke presented the picture to the school and it was accepted by Principal R. B. Norman. Following the presentation speech, Mrs. Hill spoke a few words relative to the importance of being able to see beauty in everything. This was followed by expressions of appreciation from the student body on behalf of Phillips Glasgow; from the faculty, W. C. Vinyard; from the superintendent, W. A. McIntosh; from the school board, John Winters and Ross Rogers; from the citizens, Dr. D. Roach; and from the high school students of the future, Joe Ann Hill.

At the close of the program, a bouquet of yellow chrysanthemums was presented to Mrs. Hill by the students.

The painting has been hung in the front entrance of the Amarillo high school building.

MISSIONARY SOCIETY TO MEET WITH MRS. LOUDDER

Mrs. S. B. Loudder assisted by Mrs. L. B. Rogers, Mrs. I. C. Jenkins, Mrs. A. Cayton and Mrs. J. T. Wiley, will entertain the Methodist Missionary society Tuesday, October 27, at 3 o'clock at the home of Mrs. Loudder. The voice program will be under the direction of Mrs. Marion Witt.

LUCKY 13'S MEET AT EASTWOOD HOME

With the arrival of cooler days we find members taking more interest in the club season as was evidenced at the enjoyable meeting of the Lucky Thirteen Night club at the home of Mr. and Mrs. A. R. Eastwood, 1103 Sixth Avenue, Tuesday evening, with Mr. and Mrs. Eastwood and Mr. and Mrs. Frank R. Hicks as hosts.

A delectable two course dinner was served at 7:45 and later several rounds of bridge were played. Autumn flowers were selected by the hostesses for decorations in the entertaining rooms.

Those present included the following: Mr. and Mrs. G. A. Farlow, Mr. and Mrs. Ed Mickle, Mr. and Mrs. Frank R. Phillips, Mr. and Mrs. Mark L. Foster, Mr. and Mrs. J. L. Duflet, Mr. and Mrs. Joe Black, Mr. and Mrs. Hud Prichard, Mr. and Mrs. Burt Newlin, Mr. and Mrs. Roscoe Davis, Mr. and Mrs. Andy Walsh, Mr. and Mrs. Oscar Gano and the hosts.

MISS PAULINE BRIGHAM ENTERTAINS WITH BRIDGE

Miss Pauline Brigham was hostess to two tables of bridge at the home of Mrs. B. A. Stafford, 1911 Fifth Avenue, Wednesday evening of last week.

Several rounds of bridge were enjoyed and at the close of the play, Miss Helen White Moore received the high score favor. Refreshments of pumpkin pie with cheese and whipped cream and coffee were served.

Those present were: Miss Josephine Duflet, Mrs. Cleatice Crump, Mrs. Robt. W. Foster, Miss Helen White Moore, Miss Thelma Brummett, and Mrs. R. William Brown of Canadian.

Elton Jones, editor of the Happy Herald, was a business caller in the city Monday.

MRS. BURT NEWLIN IS ELECTED CLUB PRESIDENT

Mrs. Burt Newlin was elected to head the 1932 Club for the coming season when Mrs. Hud Prichard entertained the members at her home, 910 Sixth Avenue, Wednesday afternoon. Mrs. J. L. Duflet was elected to the office of vice-president; Mrs. Mark L. Foster, secretary-treasurer and Mrs. J. Madison Daugherty, reporter.

Tables were placed in an attractive setting of roses, chrysanthemums and dahlias and those present enjoyed several rounds of bridge during the early part of the afternoon with the business meeting held later.

At the refreshment hour, caramel pie a-la-mode, with coffee was served.

Those present were: Mrs. Frank R. Phillips, Mrs. Mark L. Foster, Mrs. J. L. Duflet, Mrs. J. Madison Daugherty, Mrs. Burt Newlin, Mrs. G. A. Farlow, Mrs. T. S. Maxwell, Mrs. Joe Black, Mrs. Chas. Flesher, Mrs. Sanford Black, Mrs. Walter S. Moore, Mrs. William Ash, Mrs. C. E. Newberry, Mrs. H. W. Hartman, Mrs. Clyde McElroy, Mrs. Dan K. Usery, Mrs. Lee Foster, Mrs. Chas. Stephenson of Wichita Falls, Mrs. Jim Black of Hereford, and Mrs. J. R. Quinlan of Jefferson City, Iowa.

MISS GLADYS BEAVERS IS NEW PRESIDENT B. W. C.

Miss Gladys Beavers was elected president of the Business Woman's Club, succeeding Mrs. Berl Mayfield, at a meeting held in the parlor of the West Texas Gas company Wednesday evening. Mrs. James Cole was selected as vice-president and Miss Winifred Davis will hold the office of secretary-treasurer.

Miss Beavers took the chair and began a discussion of the annual club party. It was decided the party be held, the details to be worked out at a later date.

Those present included: Miss Olive Schramm, Miss Nann Weir, Miss Lorena Frieze, Miss Lillian J. Atkins, Miss Irene Presley, Miss Gladys Beavers, Miss Emil Brewer, Miss Winifred Davis, Mrs. Earl Robbins, Mrs. James Cole, Mrs. Berl Mayfield.

CIRCLE NO. 1 MEETS WITH MRS. J. W. MCCREERY

Baptist Missionary Circle No. 1 met in an all day quilting at the home of Mrs. J. W. McCreery on Tuesday.

Needlework occupied the morning hours and during the afternoon an interesting program was given. Mrs. John Knight favored those present with readings, and Mrs. Harris and Mrs. McCreery gave several musical selections.

At the noon hour a delicious luncheon was served by the hostess.

Those present were Mrs. H. H. Harden, Mrs. Nettie Eastwood, Mrs. J. J. Pinson, Mrs. J. D. Key, Mrs. J. W. McCreery, Mrs. R. W. Ratcliff, Mrs. A. N. Burgan, Mrs. S. B. McClure, Mrs. W. E. Laughery, Mrs. G. B. Health, Mrs. I. M. Steen, Mrs. Margaret Harris, and Mrs. John Knight.

CIRCLE 2 MEETS AT CHURCH TUESDAY

Circle No. 2 of the Baptist church met Tuesday afternoon at the church and quilted two quilts.

An enjoyable meeting was held with the following present: Mrs. R. T. Bowman, Mrs. G. B. Combs, Mrs. M. B. Lyons, Mrs. S. L. Terry, Mrs. J. C. Baker, Mrs. R. H. Long, Mrs. S. H. Jones, Mrs. G. W. Johnson, Mrs. J. R. Huckabee, Mrs. C. E. Cheyne and Mrs. Bippus.

The society will meet next Tuesday in a general missionary meeting with Circle No. 1 as hostesses.

MR. AND MRS. WARWICK ENTERTAIN WITH DINNER

Mr. and Mrs. Clyde W. Warwick entertained a group of friends with a dinner party at Cousins Hall, Sunday, October 18.

Guests for the occasion were: Judge and Mrs. A. B. Martin, and Mr. and Mrs. Herbert Dysart of Plainview; Senator and Mrs. Clint C. Small of Amarillo; Dr. and Mrs. J. A. Hill, Mr. and Mrs. C. R. Burrow, and Mr. and Mrs. John S. Humphreys.

MRS. FINIS SMITH HOSTESS TO CIRCLE 3

Circle No. 3 of the Baptist Missionary society met Tuesday afternoon at the home of Mrs. Finis Smith. Eleven answered roll call with names of books of the Bible.

Following the business meeting Mrs. L. Wirt conducted an interesting lesson. Mrs. Mildred Sullivan led the devotional.

At the refreshment hour pumpkin pie with whipped cream and coffee was served.

Mr. and Mrs. A. R. Eastwood spent Sunday with Mrs. Eastwood's parents, Mr. and Mrs. B. S. Livingston of Kress.

REBEKAHS HOLD ALL DAY MEETING WEDNESDAY

Members of the local chapter of the Rebekah lodge assembled at the home of Mrs. Helen Bengel Wednesday for an all day quilting. At the noon hour a delicious luncheon was served.

Those present were: Mrs. Marie Hair, Mrs. Winnie Loudder, Mrs. Gertrude Trowbridge, Mrs. Ruby Tanner, Mrs. Lucy Brown, Mrs. Minnie Hendrix, Mrs. Minnie Laughery, Mrs. Winnie Gibbs, Mrs. Myrtle Stratton, Mrs. Nannie Myers, Mrs. Pinkie McBride, Mrs. Nona Munson, Mrs. J. D. Key, Mrs. Silas Hastings, Miss Mae Warren, Miss Olive Schramm and Miss Columbia Redfean.

Four Young Artists Spend Saturday in Museum Painting

Four young artists spent all day Saturday painting and sketching in the Panhandle-Plains Historical Society Museum. They were Marie Jenkins, Georgia Beth Lotter, Anna Mae Hardgrave and Nelson Johnson of the sixth grade of the San Jacinto School, Amarillo. They were accompanied by Mrs. C. C. Reid, a graduate of W. T. and their art teacher.

The girls were working on a frieze showing the development of the Panhandle; when finished the painting will be between twenty and thirty feet long; it will show the plains when covered by buffalo and inhabited by Indians, the coming of the hunters, the settlement, the open range, wheat farming, the discovery of oil, oil refineries, the Amarillo skyline and finally Amarillo's Municipal Auditorium, symbolizing arts and education of the present.

A careful copy of the model of the chuck wagon outfit of the J. A. Ranch was made and Professor Sheffy assisted the party in finding the kind of pictures they needed for their work.

Prof. Sturtevant to Give Talk in Chapel, Nov. 24

Professor Sarah M. Sturtevant, Head of the Department of Advisory Work with Women and Girls, Teachers College, Columbia University, New York City, is to speak to the general assembly on Tuesday, November 24.

Professor Sturtevant has been engaged as the principal speaker for the dean of women's division of the state teachers association meeting at Amarillo, which made it possible for her to visit W. T.

Professor Sturtevant is president of the New York State Deans of Women Association and is prominent in various education organizations.

Last year she spent her sabbatical leave in the Orient, and she has been asked to speak on Oriental procedures in education.

It was in Prof. Sturtevant's department that Mrs. Green, dean of women, received much of her training for her profession, and she recommends her former teacher as a delightful speaker, with a pleasing personality and a thorough scholarship.

Mr. and Mrs. Ben Terrill of Clayton, New Mexico, were in Canyon this week end. Their son, Ben Jr., was operated on for appendicitis at an Amarillo hospital Monday morning. Mr. Terrill is an ex-student who has been located at Clayton for many years.

Art Section of Convention to Be Held in College

Friday afternoon after Thanksgiving day the Art Department of W. T. will entertain the art section of the Texas State Teachers Association in the Home Economics dining room from 4:30 to 5:30 with an "at home" tea and exhibit.

The art department feels especially fortunate in securing the cooperation of the music and the home economics departments in making this reception both pleasant and worthwhile. Music by a string quartet is part of the entertainment planned for the afternoon. Art students will have opportunity of meeting and helping entertain some of the foremost artists and are educators of the state and nation. Guests shall also be conducted through the Panhandle-Plains Historical Museum while here.

Keep Building

The COUNTY COLLEGE AND CANYON CHAMBER OF COMMERCE
FRED E. WORTHAM, Secretary

Every active member of the Chamber of Commerce should be present tonight for the annual election of officers. The Chamber of Commerce has big things ahead and it should be the desire of every member to aid in pushing the organization forward.

Doublets every citizen in Randall county is indeed pleased with the remarkable showing the county agricultural exhibit has made this year. Despite all handicaps of the year County Agent Upchurch was able to win first place at Amarillo and then come within eight-tenths of a point in taking first place for the second consecutive year at Dallas, a thing that hasn't happened in a number of years. Not only did he have handicaps to overcome in preparing the exhibit, but he had handicaps to overcome after he reached Dallas. The fact that Eastland county beat Randall by so small a margin is proof enough that this county is still at the top of leading agricultural counties in the state.

It is very interesting to notice that five of the first six counties at the Dallas State Fair were from West Texas and four of the five were from the Panhandle.

Do your trading in Canyon. It will be well to do your buying at home.

Back your Chamber of Commerce

The Chamber of Commerce is indeed pleased to learn that it will be possible for Canyon to assist in entertaining at least a portion of the visiting delegates to the State Teachers Association convention in Amarillo, which begins on Thanksgiving Day. The of-

ficials of the association were delighted to receive the offer of this organization to aid in making a trip over the campus of the West Texas State Teachers College and to the Palo Duro Canyon. The co-operation of every citizen in Canyon will be needed in order to make the trip a success.

It can't be expected that Canyon will ever be in a position to entertain such a convention as the State Teachers Association, but to have a share in entertaining the visitors to our neighboring city of Amarillo is indeed a worthy undertaking. Bringing the visitors from other sections of Texas to Canyon and to the Palo Duro canyon will give them an opportunity to see the College. Perhaps this may induce some of them to do their future college work. Then too, it will be an opportunity for them to see the possibilities for a state park system in Texas. This does not concern Canyon alone, but the entire state.

In these days of unemployment we often hear the cry that farmers have over-industrialized and use too much machinery. Some go as far as to declare that better times will not return until at least a part of the machinery has been discarded.

For weeks the cries have gone out from the cotton farmers seeking help. Government figures declare that 7,000,000 people are seeking employment, yet the producer of cotton, the price of which has sunk to levels not known for many years, have gone begging for help. Now comes the information that cotton gathering machines are being imported into the big cotton growing areas. Can the cotton farmers be blamed for such action?

Mildred Bessire Is Winner of Essay in Local S. S. Contest

The winning essay in the Sunday School contest sponsored by the churches of the town. Every child in high school wrote an essay on the title "Why Public School Students Should Attend Sunday School."

Why Public School Students Should Attend Sunday School.

(Mildred Bessire)

No greater contribution can be made to the advancement of the Kingdom of God than to develop in the young people of the present generation a thoroughly Christian character. Sunday School will bring a knowledge of God, the Creator and Keeper of all; his plan of salvation through Jesus Christ, and an ability to manifest, in everyday living, a Christ-like life.

In order to develop right attitudes, missionary education is one of the further needs of a student. In school and out, his life is surrounded by evidence of the closeness of the world. He studies literature, art, and music, with the artists and composers nearly all from foreign countries. He sits next to a Japanese boy in school, or plays on a team with an Italian. He reads of Peace Pacts and the doings of the League of Nations, and of the great English Society To H, whose motto is "To Conquer Hate." He sees "What Price Glory," "Wings," "The Enemy." He is expected to have an opinion on tariff questions; to know the meaning of extra-territoriality; to debate on whether or not the United States should increase its armaments; he is faced with the question of famine relief, and the world effort to subdue sleeping sickness. So the student, perhaps in the midst of some busy activity, suddenly realizes that as a Christian and as an American, life is real and earnest, and that somehow God has a world plan for him. It is to meet this awakening of mind and soul, and to make this Christian student an intelligent world citizen of the future that Sunday School is urgent.

Life is never static. Each individual either progresses or falls behind. It cannot be expected that satisfactory progress will result if one's program includes only worship, instruction, and service. There must be that factor which, to receive its proper emphasis, should be pronounced "re-creation." The Sunday Schools' aim of recreation is to help young people in finding and developing Christian friendship and fellowship, to guide them in applying Christian principles and purposes to their social and recreational life, and to assist them in maintaining their lives on the highest possible plane. The social contact with other companions also gives excellent train-

ing in self-expression.

In summarizing, the reasons public school students should attend Sunday School are: to discover and suggest opportunities for service, to enjoy the fellowship in social and recreational activities, to study the problems in this country and throughout the world, which they must help to solve, and to aid in the Christian solution of these problems. The main object is to create a high standard of personal living, to develop personal efficiency, physical, mental, and spiritual growth, thus enabling one to understand the messages of Jesus Christ, the Saviour of the world.

Fern Babcock, Y. W. National Secretary, to Be Here Nov. 26

Members of the local Y. W. C. A. will have as their guest next Monday and Tuesday, October 26 and 27, Miss Fern Babcock, national student secretary of the Young Women's Christian Association. Miss Babcock serves as adviser to college groups in five of the southwestern states, Louisiana, Oklahoma, Texas, Arkansas and Missouri, and visits practically all of the schools in this region at least once each year. This is the third visit which she has made to the Canyon campus, having come here first in 1929.

Next Monday night Miss Babcock will be guest of honor at Cousins Hall at the annual recognition service for Y. W. C. A. members. She will speak Tuesday morning, October 27, at eleven o'clock at a special chapel assembly for all college girls, which is being arranged now by Mrs. Geraldine Green, dean of Women. On Tuesday evening the Y. W. C. A. cabinet will meet with her for a discussion of organization technique. This meeting will be held at the home of Miss Mary E. Hudspeth. While here next week Miss Babcock will spend several hours each day in the office of the Dean of Women and will be available for individual or small group conferences.

A germanic language professor at a midwest college slipped and fractured his leg. The story didn't say whether it was a Germanic language he used.

As a matter of fact, this country wasn't made great by the kind of politicians who are always straddling the fence.

Wonder if they served hors d'oeuvres at that horse banquet in New York?

Students Marvel At Changes Made In Old Auditorium

A stranger entering the halls of W. T. on a certain sunshiny day last spring would certainly have been impressed by an unusual atmosphere of excitement blended with touches of amazement, disbelief, horror, amusement, and relief. Had he followed the path of least resistance, he would have been sure to arrive, sooner or later, at the door of the auditorium and at the scene of disaster.

The calamity which had thus effected the hum-drum routine of the institution was merely the ponderous decision of the curtain, which had graced the stage and offended the eyes of students, faculty members, and visitors alike for the past fifteen years, that it could no longer bear its burden of service to W. T. Apparently such a conclusion was true enough, for with the heaving of its sigh of farewell the bottom half descended to the platform in a majestic head.

Curtain Ruined

Students gazing upon the ruin were first affected by a sense of impending doom as if the college would not be able to carry on without the aid of its faithful drapery. Of course they could not see far enough into the future to realize that perhaps the greatest service it had ever rendered was in falling down. Just such a decisive action was needed to awake the authorities to the realization that the auditorium was nothing more nor less than a disgrace to the institution and that it must be remedied.

No one within several blocks of the administration building could have failed to hear in the form of banging, tearing, scraping, and buzzing the said remedying that has been in progress since before the beginning of school. The eyes of practically the entire student body have been following the progress of transformation, and today the finished product stands forth in shining magnificence.

The glaring white walls, which had never been painted since the building was erected, have been tinted in a variegated pattern of cream and green that seems to satisfy the artistic sense of even the most critical of observers.

New Curtain

In place of the ancient, perforated curtain there is now a beautiful wine colored one with gold trimmings which has succeeded in producing numerous gasps of admiration even in its promising career.

Since the installation of the acoustone, a perforated mineral product, a very ordinary speaking tone may be heard all over the auditorium. This improvement should invoke the blessings of all the unfortunates who were inveigled into speaking here in former years.

The women's division of the physical education department is rejoicing over the new hardwood floor on the platform, because, as the feeblest intellect can discern, it is most annoying and embarrassing to stomp one's toe on a loose board or fall into a hole in the floor in the midst of a delicate, fairy-like exhibition in dancing.

Footlights

Besides these things, a new foot-lighting system is being added and the aisles covered with cork linoleum, will no longer enforce the late-comer to chapel to wend his way to the front amid the resounding echoes of his footsteps.

It is hoped that within a short time the new auditorium will be entirely perfected by the addition of window draperies to match the curtain, and a set of stage furniture. The cost, however, being approximately fifty-seven hundred dollars, is as much as the college pocketbook could withstand at present.

It is as a result of the extremely satisfactory architectural designing of Mr. M. O. Carder of Amarillo that W. T. may once more hold up her head with pride when inviting visitors within her august portals.

EDISON DIED SUNDAY

Thomas Alva Edison, the greatest inventor the world has yet known, died Sunday morning at his home after an illness of seven weeks.

He announced a few days previous to his death his readiness to die rather than become a burden on his family.

The great inventor has given to the world more than a thousand inventions which have greatly blessed humanity.

PRISON SENTENCES

There is much in the new theory of indeterminate prison sentences for criminals to commend its wider adoption as an experimental measure for the protection of society. The idea is that when convicted of a serious crime the offender should be restrained until he gives evidence of a genuine intention to be good.

As we understand it, under this plan the criminal is treated somewhat as an insane person is treated. An insane person is not sent to an asylum for a definite period, but is supposed to be kept there until his condition improves sufficiently to make his release safe. If his condition can not be so improved, he stays for life.

There is a similarity between the lunatic and the criminal in that both are sick. One is mentally sick; the other is morally sick. Both can be cured by proper treatment. The condition of each should be determined by experts before turning him loose. At least that is the theory of the indeterminate sentence—and it seems sensible.

Frequently cases of lost identity are reported. Most every man forgets who he is when away from home.

Captain Allman is appointed police commissioner of Chicago. That's one job that takes a fellow that's all man.

Those research folks might try to find a way to make baldness attack the chin instead of the head.

The motorist who hesitates may not be lost, but he's sure to get something done to his rear bumper.

Condemning the other fellow for having an opinion doesn't make it safe for you to have one.

MEDICORITY DOES NOT SATISFY.

Recently the manager of a major baseball club was denied a new contract because he did not produce a championship team. The controlling stockholders of the club had the highest praise for the manager but no second place team would satisfy. A manager must be found who could produce a world championship.

This situation is rather typical in American affairs. A second grade tennis player is passed. A first grade one gains a \$20,000 bequest from a prominent citizen for bringing the International championship to his home state. The defeated prize fighter is a bum—the winner is the hero. The hundred yard sprinter gains no credit for making the century in ten flat. The pace is not fast enough. He must win. Those who attempt a trans-Atlantic air flight and fail are forgotten. To be remembered they must succeed.

The individual who begins to slip is soon forgotten. He must keep moving up—better today than yesterday with promise of better tomorrow than today. This generation must be more aggressive than were our fathers. The next generation in turn must out-do the present one.

In industry and business this year must show greater growth than last year, next year more than this year, else the sales manager or other high officers must give an accounting.

The same spirit carries over into our schools. Each year the administration and teachers must have a better school. Each succeeding graduating class must be larger and better than the preceding one; each year's enrollment greater than the previous.

Progress, the result of growth, is stimulating. It is energizing, it is satisfying. Youth is pulsating with that spirit. It must be on the move. It must be going somewhere. When properly directed and encouraged, it produces growth. No half-way effort will suffice. Herein is the function of the schools. It transplants the best.

"Service"

WHEN YOU LIGHT THE BURNER of your gas appliance and the flame springs to life instantly, you see results—comfort—convenience—not causes.

Seldom, if ever, do you see the Service agencies that make this ideal fuel supply possible. Pipe lines, gas wells and manpower, Service!—the combination of efforts that brings natural gas to your burner and which plays a major part in the cost of your fuel supply.

It is Service that provides heat at the burner automatically, when and as you want it, without ashes, smoke, or soot, or the need for extra labor or storage. Back of the flame of your burner stands the Service of your gas company with its skilled employees and its facilities for delivering the gas. Service must be maintained! Service is what you are paying for!

The fact that your gas company must maintain the year round, at great expense, capacity equal to the coldest day of the year—even though this peak capacity is not required except on a few cold days in winter—is merely one of the items of this responsibility called SERVICE!

Your Gas Company takes pride in the fact that it pioneered the distribution in this section, of the only available fuel that can be utilized by the consumer without special handling or the use of costly mechanical accessories. Realizing our responsibility, we take the utmost precaution to assure you permanent fuel satisfaction by providing a dependable flow of gas—regardless of the weather.

WEST TEXAS GAS CO.

Winner of S. S. Essay Contest Is Announced

Mildred Bessire, a high school senior, was awarded the first prize of five dollars in the essay contest on "Why Public School Students Should Attend Sunday School." The essay is printed on another page of this issue of The News.

Rosa Cash, a sophomore, won second place, and Mary May Harrison, freshman, won third place.

In the Ward School, the same type of contest was conducted, only in the form of posters. The first prize of one dollar was won by Betty Ruth Solomon from the Six A class. Mary McCaslin from Seven A won second place, and Ruby Guthrie, also from Seven A won third place.

Every student in the intermediate grades and high school took part in this very instructive program.

THEODORE ROOSEVELT

On the twenty-seventh of this month we will celebrate the birthday of Theodore Roosevelt. He led a life of varied interests. He was a statesman, a nature lover, an explorer, a soldier.

Roosevelt's great aim in life was to play fair. He formed a creed to help him do this. His creed was:

"I believe in honesty, sincerity, and the square deal; in making up one's mind what to do and doing it. I believe in fearing God and doing one's part. I believe in hitting the line hard when you are right. I believe in hard work and honest sport. I believe in a sane mind in a sane body. I believe we have room for but one loyalty and that is loyalty to the American people."

child from an aimless activity outside of school to a motivated work within. It transplants from purposeless progress without to impelling interests within. It substitutes ambition for emotions and dictates the direction of action. It is insistent upon whole-hearted effort—half-hearted attempts will not suffice. It is laying the foundation for every pupil to function in accordance with his talents. This is no mean task for our schools but each day brings new evidence of their so functioning—evidence of a task well done. This is due to the fact that school officials, backed by public attitude, are insistent that a mediocre school system will not suffice—it must be the schools. It transplants the best.

Tulia Hornets Take Short End of 30-20 Score

The Eagles annexed their third conference game Friday by defeating the Tulia Hornets, their old rivals, to the tune of 30 to 20. As soon as the Eagles got the ball, they started a drive down the field for a touchdown. The team was playing its best, and continually through the Hornets' defense for long gains during the first half.

Soon after Tucker, the speedy Eagle half-back, sidestepped off two long gains that put the ball close to the Tulia goal. A series of line plunges put it over. The attempt for the extra point was not successful.

The Hornets found their goal again endangered in the second quarter, but got the ball before the Eagles could take it over. They punted safely to Wooten on the 50 yard line, who returned to about the 30 yard line but was injured in the play. A pass to Wiggins resulted in first down. Tucker again scored. For the second time in the second quarter Tulia found the ball too close to her goal and tried to kick out. The kick was blocked, and Taylor, Eagle's center, scooped up the ball and made another touchdown.

With the score 24 to 0, Coach Brady started in a string of substitutions. With nearly all of the second stringers in the Hornets awake and made themselves a counter. The half ended 24-6 in favor of the Eagles.

In the second half the Hornets made two touchdowns and added the extra points. Canyon made the last score through Pierson, who was never taken from the game. He scampered through the horns for 25 yards and the touchdown.

Tulia made one of her scores when they intercepted an Eagle pass and ran 40 yards.

The line-up was:

Canyon	Position	Tulia
Wiggins	Left End	Elliff
L. Braswell	Left Tackle	Toone
Bell	Left Guard	Grist
Taylor	Center	Baker
Miller	Right Guard	Herring
G. Braswell	Right Tackle	Boone
Wright	Right End	Fletcher
Pierson	Quarter	Vandergriff
Hardin	Half	Belton
Tucker	Half	Ramsey
Wooten	Full	Simpson

Substitutions: Walker for L. Braswell, Elliston for Hardin, Wilson for Wooten, Beard for Walker, J. Cox for Wiggins, H. Thomas for Wright, F. Thomas for Bell, T. Cox for Miller, Middleton for G. Braswell, Stroud for Tucker, Cochran for Wilson.

GRADE SCHOOL NEWS.

The class of Seven A entertained the class of Seven B and six teachers at a Tacky Backward party Friday night. At seven thirty p. m. in the grade school gymnasium.

Progressive games were played until nine o'clock when refreshments were served consisting of cake, hot chocolate, and a sucker. Everyone present seemed to enjoy themselves very much.

EAGLES' SCHEDULE AND RECORD.

Sept. 11—Eagles 13; Borger 7
Sept. 19—Eagles 12; Panhandle 6
Sept. 25—Eagles 8; Silverton 7
Oct. 2—Eagles 0; Happy 0
(Eagles win by decision)
Oct. 9—Plainview 19; Eagles 0.
Oct. 16—Eagles 30; Tulia 20.
Oct. 23—Dimmitt at Dimmitt
Oct. 30—Floydada at Canyon
Nov. 6—Hereford at Hereford

The Honor Roll For First Six Weeks Is Made

Quite a number of good grade records were made by Canyon High students the first six weeks. There were only 6 percent failures in the student body.

Most of the students are carrying four subjects. There are 16 students who carry five subjects. Beulah Ballengee has six. She made no grade below C in any of her courses.

The honor roll went as follows:

4 A's
Jean Burgess.
Lena Wade Jennings.
3 A's and 1 B
Arma Lee Greenfield.
Mary May Harrison.
Mary Ella Lowe.
Lee Christine Cousins.
2 A's and 2 B's
Alton Brasual.
Thelma Bryant.
Ruth Burtz.
Winnie Dee Hicks.
Marie Price.
George Schmitz.
1 A and 3 B's
Freddie Charles Bells.
Lilla Beth Bourroughs.
Oliver Grabbe.
Mildred Hollis.
Lorene Mickle.
Robert Orton.
Clarence Wooten.
4 B's
Mildred Bessire.
Neil Slaton.

Chapel

Mr. and Mrs. Herschel Coffee entertained the Canyon High students Tuesday with a number of violin and piano selections.

Mr. Coffee, accompanied by his wife, played, "Hungarian Dance," by Bronz; "Serenade" and "The Old Refrain."

The numbers which were selected were such as gave pleasure to the students and they will welcome these artists again. Both Mr. and Mrs. Coffee are exstudents of Canyon High, and now teachers in the College.

Thursday afternoon, Supt. Carruth gave a short talk to the students on school spirit. In this talk he presented to the students the idea of supporting their school and having an undying faith in all the activities it undertakes.

Following this talk a pep meeting was held to show the interest of the students in the Tulia-Canyon game which was played here on Friday.

THE MUSIC CLUB.

The Music club met Monday in regular session. Mrs. Foster announced about the recital to be given by the music and expression departments Thursday night. A duet was played by two of the girls. The program was then turned over to Ruth Cox, who read a short sketch of Felix Mendelssohn's life.

Mrs. Foster played Mendelssohn's "Wedding March," "Song Without Words," "Consolation," and "Spring Song."

Instructions For Giving Alarms Given by Hicks

As a part of the program of fire prevention week, a student of Canyon High interviewed Frank Hicks, chief of the Canyon Fire Department.

Mr. Hicks is a capable chief, having served two years in that position.

The Canyon Fire Department is formed of twenty-five men of the town who are interested in giving their services to the people in fighting fires. The organization has two heads, one superintends the fire fighting and other other who attends to the welfare of the organization. One section has a chief and assistant chief, while the other has the regular club officials.

Mr. Hicks laid particular stress on the method of turning in the alarm by saying:

"The primary thing to do, providing you do not know your house number, is to place it near your phone so that when the time comes for turning in the alarm you will have your address."

"When it becomes necessary to turn in an alarm, call central, talking in a quiet, even voice. Tell her the number of the burning house. Do not leave the telephone until you are sure she has understood you, and if possible, remain at the phone until you hear the siren."

"At the station we find out where and of what nature is the fire, and we use the necessary equipment, whether helmets, coats, hose truck, pump truck, or chemical truck."

Mr. Hicks requested that all persons lend their assistance by getting off the streets and keeping out of the way at the sound of the siren.

HOME EC. PLANS QUILT.

The Domestic Art club is planning to make a quilt of purple and white. There is to be the name or the initials of some student in school on each block. The club has not fully decided, but they have suggested that everyone who wishes to have his name on the quilt may pay five cents to the club and his name or initials shall be put on. The club wants to make this quilt as a project in the Home Economics Club.

Girl Scouts Are Progressing Well; Have Large Troup

There has been an enlargement in the Scouting program since school has begun. Interest is growing rapidly as new members arrive and old ones return.

There are four full patrols now with Mary Orton, leader of the Swastika Patrol, Ruby Foster leader of the Lone Star Patrol, Mary Ella Lowe leader of the Bob White Patrol, and Kathryn Robinson of the Wild Cat Patrol.

The three highest Scouts are Mary Orton, Ruby Foster and Kathryn Robinson.

The Scouts have taken over the Lost and Found Department and are making it a convenience for every one concerned. The department is open in room 13 from 8:30 to 9:00 o'clock and from 12:30 to 1:00 o'clock at noon. People who have lost articles may describe and identify them, and they will be returned to the owner.

One of the most active units in Scouting is the orchestra that has been organized. There are four violins, one piccolo, one alto cornet, one cornet and two clarinets. Mary May Harrison and Robbie Lee Foster are the pianists.

National Girl Scout week is from October 24 to 31st. Numerous activities will be sponsored during this period in honor of Juliet Lowe founder of Scouting.

Local Student Wins Second In State Contest

Announcement of the winning of second place in the State Latin Essay Contest by Katherine Robinson has just been received by the local school authorities. This essay was entered in the second year class and was entitled "The World's Debt to Rome."

Every pupil in the Caesar class last year wrote an essay and Katherine's was selected to represent the class at the district latin tourney. The essay placed first there and was sent to the state.

The announcement of the winners in the contest was published in "Outlook," the State School paper and "State Latin Bulletin," but notification has just been sent to the local school.

Seniors of '31

A number of the '31 seniors, who are now attending W. T. are showing inclinations toward interesting vocations by their selection of majors.

A group of girls, Sybil Gidden, Charline Wiseman, Dixie Foster, Florine Bowman and Marie Tanner are majoring in home economics. Bib Jameson and Boots Herndon have chosen public speaking, while Hosea Foster is making a study of Commercial work.

Dimmitt is Last Conference Game Before Hereford

Canyon will play the next conference game at Dimmitt on Friday of this week. Although Dimmitt has been unsuccessful in their games this year, they have a good team and plan to give the Eagles a tough scrap. Last year Dimmitt defeated the Eagles by lucky breaks by the score of 9-3.

The Tulia Hornets and Happy Jacks, who have both fallen before the Eagles, have defeated Dimmitt by top-heavy scores.

The next conference game after Dimmitt will be November 6, at Hereford.

CONOCO
GAS AND OILS

R. E. BALL
SERVICE
STATION

Wholesale and Retail

THE "HIDDEN QUART"

That Stays up in the Motor and Never Drains Away

OTHER OILS DRAIN AWAY FROM MOTOR PARTS BACK INTO THE CRANKCASE

GERM PROCESSED OIL NEVER DRAINS AWAY FROM VITAL WORKING PARTS

PROVES ANY OIL WOULD BE BETTER OIL IF GERM PROCESSED

Other good oils lubricate working parts after the motor starts and oil is pumped from the crankcase through the motor, which takes several minutes. But Germ Processed Oil stays up in your motor at all times and lubricates working parts safely during the starting period... when almost half of all motor wear takes place! A "hidden quart" stays up in your motor and never drains away. Only Germ Processed Oil can give you this sure protection at all times, because only Germ Processed Oil can penetrate and combine with metal surfaces... an exclusive characteristic called "penetrative lubricity." So you can see... any oil would be better oil if Germ Processed!

But only Conoco makes Germ Processed Oil... for Conoco owns exclusive patent rights for North America. Don't be contented with

oil that lacks the germ process. Stop at any station displaying the Conoco Red Triangle and fill with Conoco Germ Processed Motor Oil. Save your motor from wear... keep it young and powerful!

Little Helen Hutchinson has missed several days of school because of illness.

Forrester Hollabaugh stayed out of school part of last week to help Mr. Elliott with his work. Mrs. Elliott, who has been ill, is improving.

Mrs. Joe Russell visited Mrs. Ralph Elliott Saturday afternoon.

Some folks who long for the day when their time will be their own, will find that it is worth nothing.

He who is most willing to give advice is a poor man to solicit for a gift.

There is no substitute for S.S.S.

Secure S.S.S. from your own druggist... with few exceptions druggists are ethical and conscientious, and will not offer a substitute.

No medicine has the same formula as this time-tested Blood Tonic... nor does any other concern gather the same roots with their own trained collectors and extract the active medicinal principles, unchanged, in their original fresh state—this is the secret of S.S.S. ... there is no substitute.

S.S.S. restores the appetite and builds up the red-blood-cells

TAKE S.S.S. as a tonic and notice how much better you will "feel" ... it has effect in aiding Nature to build red-blood-cells and creating an appetite for food. These two things working together aid the human body in its struggle for health and vitality. Millions of people approve its value.

Why not start taking S.S.S. today? ... the larger size represents a price saving.

SNODGRASS LEADS HILL BILLIES IN FOURTH QUARTER ATTACK TO DEFEAT BUFFALOES 40-19

AERIAL ATTACK CLICKS FOR
VISITORS; SPENCE IS
BUFF STAR.

Going into the second half, with the score 19 to 6 against them, the Daniel Baker Billie Goats got right in the last period to score a flock of touchdowns on passes, and running plays to win their first T. I. A. game here Friday night, 40 to 19, from the West Texas Buffaloes.

It was an offensive battle that was packed with thrills. A more peculiar game has never been played in Canyon. The Buffs completely played them off their feet in the first half, and tide turned exactly around in the second.

The turning point came in the third quarter when Harris, Baker left end, blocked a punt on the Buffaloes' one-yard line and stepped across the goal. From then on it was all Daniel Baker and the sudden turn of events made the contest thrilling to the end.

Snodgrass Gets Right
Snodgrass, 195 pounder, was the sensation of the night with all-around work in the backfield for the Goats. Spence and Brotherton were star players for the Buffs. Spence gained more ground than any other man on the field.

Summary of Buffalo-Hill Billy game:
Buffaloes: 74 plays gained 305 yards, including 23 yards from passes, lost 11. Passed 10 times, 3 complete, 5 incomplete, 2 intercepted. Punted 6 for average 25 yards, one blocked. Fumbled one time to lose ball. Penalties, 6 for 45 yards. First downs, 17. Score, William 6, Brotherton 12, Manning 1.

Daniel Baker: On 53 plays made 330 yards including 135 yards from passes, lost 12. Passed 13 times, 5 complete, 4 intercepted, 1 incomplete. Punted 3 times, average 38 yards. Fumbled 2 times, lost one, recovered one. Penalties, 3 for 25 yards. First downs 10. Score, Snodgrass 18, Smith 16 (including 4 kicks for extra point.) Tarris 6.

Baptist Start Campaign Sunday Over Plains Association

With a quota of \$3,567 for this district, the twenty-four Baptist Churches of Tierra Blanca Association are challenged to a great task Sunday, Oct. 25th, "Unanimous Day."

"Unanimous Day" is being observed in all Baptist Churches of Texas with a quota of one dollar per member. In the local Baptist church the pastor, Rev. C. G. Howard, has in a special manner and effort placed the program before his congregation with each member representing a link in a chain and without a single link missing Sunday morning the church will be victorious in a great mission program. The unanimity of the program makes it possible for every Baptist to have a part according to his own ability and all are urged to do as much as possible. Regardless of the amount, the victory must be won for Christ states the church promotion committee, Rev. C. G. Howard, organizer; W. H. Hardin and C. O. Huber, publicity; Dr. J. A. Hill, S. S. member; Mrs. C. O. Huber, B. Y. P. U.; Mrs. J. W. McCreary, W. M. S.; Dr. C. E. Donnell, lay member of committee; J. C. Dowd, lay member.

The Baptist churches of Texas, in cooperation with the Southern Baptist Board, in a simultaneous Stewardship Revival during the closing three months of this year, are endeavoring to secure a reasonable subscription and gift from every Baptist in every Baptist church for every cause supported by Baptists. Also an effort will be made to secure 100,000 tithers in Texas.

For the district of which the First Baptist Church, Canyon, represents the quota is 715 tithers and each member subscribed to the local church budget. The program as outlined for the next three months as adopted at a district meeting in Lubbock, October 14th, was as follows:

Unanimous Day, October 5th. Stewardship Study Course, week beginning October 5th. Text Book, "Our Lord's and Ours" by Burrows.

Week of Prayer, beginning November 15th.

Following November 22nd, an every member canvas in every Baptist church throughout Texas.

Rev. C. G. Howard is organizer for this district which is one of the best organized in the state and his scholarly attainments, administrative skill and courageous spirit leads us to victory and his program challenges the Baptists of Canyon and this district to prayer to the end that we may have a notable successful campaign when every Baptist shall be enlisted.

W. H. HARDEN,
C. O. HUBER, Publicity Com.

Do your shopping in Canyon.

Sunday School Campaign Brings Pleasing Results

To the Citizens of Canyon:

Again we wish to call to your attention the important project being carried out by the churches of Canyon. Many have responded to the suggested program but there is still much to be desired. The Sunday Schools of our city can be filled to overflowing next Sunday and the succeeding Sundays if those who are not at present attending any Sunday School would realize their responsibility in this important matter, and the result of such a response would not be measured in its effect upon the characters of the boys and girls of our community.

The next step in this program is to be a gigantic rally which will be held at the First Baptist Church Sunday, November 1, at 11:00 a. m. The purpose of this rally is to soberly evaluate the work being done by the Sunday Schools, to measure the results gained by the October campaign, and to take a look into the future regarding this work. We appeal to you to give your hearty support to these plans.

The results of the campaign are gratifying. Most of the gain is of course intangible and so cannot be measured. However the visible results are notable. While the accurate figures are not yet available, a fair estimate is that there are at least one hundred more in attendance than when the campaign started. The experience which we have had in laboring together in the enterprise has been especially helpful. Furthermore, the thinking through of the importance of the work which the churches are doing in the field of education has had a helpful influence upon all minds.

Sincerely yours,
W. C. KUNZE
C. G. HOWARD
C. E. JAMESON
L. R. HUDSON.

Lakeside News

George B. Schneider transacted business in Canyon Monday.

A. J. Ford was in Amarillo Saturday.

Mrs. C. W. Stalling and children visited in Canyon Sunday.

Albert Byars and sons were in Canyon Saturday.

C. W. Stalling and sons visited the C. V. Stalling Farm Sunday.

Mr. and Mrs. Albert Byars visited in the home of Lonnie Byars Sunday afternoon.

Judge S. B. Orton visited the Lakeside school Tuesday afternoon.

Mrs. C. W. Stallings was in Amarillo Saturday.

Pauline Conner visited in the L. T. Campbell home Sunday.

Mrs. Chas. Garrett is spending the week with her daughter, Mrs. Strickland in Amarillo.

Mr. and Mrs. Fred Foster visited Mr. and Mrs. L. T. Campbell Sunday.

L. T. Campbell and family were shopping in Canyon Saturday.

Mrs. Albert Byars visited the school Wednesday.

Hurrah! Halloween will soon be here. Begin now to make your costume. Forget the depression, and come to the masquerade party at Lakeview school house, Oct. 30. Be there.

News in Canyon 25 Years Ago

(From the files of the Canyon City News, October 19, 1906)

Bob Hileman is another one who is taking in the Dallas Fair. The Fulton Lumber Company is moved in its new office south of the square.

Mr. and Mrs. L. T. Lester and daughter left Sunday for St. Louis to attend a bankers convention. Oscar Gamble, Lonnie Gentry and most of the other fever cases are now well on the mend.

Saturday Coffee Bros. stated a 4-room house for Dr. Parsons and on Tuesday they began a 7-room house for C. R. Burrow. The Parsons house is going up in the north part of town and the Burrow residence in the west.

W. D. Scott has bought the 4-room Hitchcock house in the north part of town from J. B. Thomas.

B. T. Johnson's cotton crop is ready to pick. Hands are in demand.

Elder Stockard will conduct services at the Christian church Sunday and each Lord's Day thereafter. The brethren of that denomination having employed him for the whole of his time.

J. A. Edwards is debating with himself whether to build a residence costing about \$8,000 or one to "set him back" only \$3,500. It is Mr. Edwards' business and not ours, but if we had as much money as he has, we would decide on the \$8,000 cut every time.

Ed Hoffman has a brand new buggy and a span of grays he is training for some purpose. Look out girls.

L. A. Pierce and sister, Mrs. Hitchcock, went to Amarillo Saturday.

Jowell News

Mr. and Mrs. Earl Davis and children spent Sunday in Amarillo with Mr. and Mrs. W. H. Bailey.

Mr. and Mrs. R. C. Sims and children of New Mexico visited over Sunday with Mr. and Mrs. Bill Sims.

Mr. and Mrs. C. B. Fewell spent the week end with Mr. and Mrs. C. P. White at Sudan.

Mr. and Mrs. A. L. Glenn and daughter left Saturday for a few days visit with Mrs. Glenn's parents, Mr. and Mrs. Pace at Floydada.

Mr. and Mrs. Dick Pair spent Thursday evening with Mr. and Mrs. Bill Sims.

Mr. and Mrs. Arlie Fewell returned Monday from McAdoo, where they visited Mrs. Fewell's parents, Mr. and Mrs. M. A. Adams.

Mr. and Mrs. W. H. Lowe spent Sunday with Mr. and Mrs. Jewel Jones.

Mr. and Mrs. Frank Davis have been in Shamrock the past week.

FIRST CHURCH OF CHRIST, SCIENTIST.

Services every Sunday at 11 and Wednesday at 8 p. m., when experiences testimonies and remarks on Christian Science are given. Sunday school meets at 9:54. All under 20 years of age invited to attend. Subject for Sunday, "Probation After Death."

An exchange tells of a farmer who, during a grasshopper invasion, turned his turkeys out to destroy them but the grasshoppers ate all the feathers off the turkeys.

The poet who wrote about the flower that is born to blush unseen, may have been inspired by some store that failed to advertise.

George Hess broadcasted over WTAG a piano solo Thursday night.

Mr. and Mrs. Paul Artho left for Schulenburg Wednesday of last week.

Mr. and Mrs. Grimm, and Mr. and Mrs. George Grimm and son, Mr. and Mrs. John Bedenk and family, Mr. and Mrs. Bill Bower, Mr. and Mrs. Joe Friemel and Mrs. E. J. Friemel and family were visitors at the home of P. Friemel Sunday afternoon.

Mr. and Mrs. E. Frichie were visitors at the home of Mr. and Mrs. L. Wieck Sunday.

A number of folks attended the dance given at the home of Mr. and Mrs. Stroub Saturday.

Joe Friemel and son, George, made a business trip to Canyon Monday.

E. J. Evers and son, Alphonse, were business callers in Amarillo Saturday.

We had a nice rain in Umbarger Wednesday.

An optimist is a fellow who thinks that opportunities lie about him and a pessimist is one who thinks people do it.

Some people's ideas of a high standard of living is a can-opener, a movie show and a full tank of gasoline.

If everything the gossips repeated were true, there wouldn't be much hope for the coming generation.

Representative Patman of Texas threatens to have Mellon impeached. His action should be fruitful.

A Litchfield, N. H., farmer styles himself "squash king." Thought that Jim Londas had that title.

Headline: "Search for two escaped asylum inmates fruitless." Shouldn't that be "nutless?"

Smile and the world smiles with you; laugh and you're bolsterous.

We Had a Customer
from Waco
this week

... who was exclaiming over our collection of wall plaques. While selecting two to take home with her, she remarked:

"I have learned that the place to buy my gift items is in the small town. These Shadowcraft pictures and Carved Tile plaques that you are selling for \$2.00 each were priced to me at \$3.00 each in Waco just a few days ago."

And she bought quite a number of items to put away for Christmas.

Very frequently, we have customers who express themselves like that. It will pay you to look around at our selection when you are in need of gifts.
